# NAVIFY® Pass Solution
## *An End to End digital COVID-19 Solution*

NAVIFY® Pass is a digital COVID-19 solution to aid test providers and recipients to share diagnostic results securely, remotely and seamlessly.
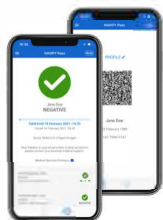

NAVIFY®

Managing COVID-19 Health Data

A digital solution for individuals, health professionals and event managment

The mobile NAVIFY® Pass Application (App) allows individuals to register and automatically receive test results from NAVIFY® Pass Pro operators directly to their phone. The recipients can also use the App to display their own results.

NAVIFY® Pass Pro provides a professional tool to support workflows of COVID testing and vaccination administering. It can also be utilised for event access management, where entry criteria can be set and the NAVIFY® Pass holder can have their access easily authenticated.

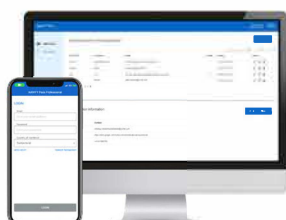

NAVIFY® Cloud

Event Entry

| A Personal COVID-Passport | A workflow & reporting solution for health-data providers | Secure delivery of result to NAVIFY® Pass App | A verification solution for Access Providers |

NAVIFY® Pass
a Personal COVID ID
